JOB DESCRIPTION SUMMARY:
Oversees all aspects of distributing community programming and information on BNN Media’s two cable television channels and website.

RESPONSIBILITIES

- Process public and staff requests for channel time, including live and recorded television programs, interstitials, community message board announcements, and other forms of digital media
- Develops quarterly program schedules
- Manage and organize media submitted for distribution
- Coordinates staff and technical resources for consistent optimal delivery of scheduled media.
- Maintain up-to-date media archives
- Facilitate web-streaming and video on demand.
- Create cablecast schedule of recorded and live programming on two cable channels, based on requests from BNN Media members, General Manager, and staff, including BNNLive, Neighborhood Network News, and Community TV departments.
- Ensure that all programs are cablecast as scheduled
- Manage media traffic, including digital files, live feeds, and satellite reception.
- Maintain and improve fully functional cablecast facility, including Tightrope Video Server, Satellite dish, and other technology as it evolves.
- Coordinate with BNN staff for live switching.
- Document and follow up on technical problems with Chief Engineer, Media Providers, cable company personnel, and BNN Media staff.
- Respond remotely to off-hours technical or scheduling problems as the need arises.
- Coordinate broader distribution of programming beyond the cable channels, such as web streaming of media and archive VOD selected programs
- Facilitate timely promotion of schedules through website, channels, and other publications
- Manage Community Message Board, digital photos and audio, and other digital media
- Sustains cohesive graphic design elements for channels and website to support promotional branding and marketing initiatives.
- Develop and maintain BNN Media Digital Library of archived programming and provide show copy as requested.
- Answers public inquiries regarding programming
- Build and sustain strong communications with producers and media providers.
- Promote understanding of and adherence to BNN Media policies, guidelines, and procedures regarding programming, including technical standards and content matters.
- Document issues and follows up with members and staff as needed
- Maintain accurate documentation and detailed records of programming and activities
- Provide quarterly reports to management, and other written projects as needed, including recommendations for system upgrades, policy revisions, and operational improvements.
- Develop user guides for consistency in operations and procedures.
● Participate as a team member in support of BNN Media’s mission and the operations of all BNN departments.
● Assist management with special projects and other assignments.
● Communicate promptly, dependably, and effectively with BNN Media staff and diverse membership.
● Foster broader participation among all Boston people, communities, and organizations.

GENERAL REQUIREMENTS
● Ensure member compliance with ALL BNN Media policies.
● Participate as a team member in support of BNN Media’s mission and the operations of all BNN departments.
● Administer all applicable department, warehouse, and company-related Operational, Safety, and Human Resources policies and procedures.
● Train, supervise, and evaluate Department personnel, volunteers and interns.
● Coordinate all employees’ work schedules.
● Professionally interact and maintain effective and open communication with all personnel, vendors/ manufacturers, and members.
● Maintain a professional and positive manner at all times.
● Foster and ensure a friendly, consistent, non-discriminatory atmosphere in the workplace and demonstrates a strong commitment to public service.
● Evaluate and write employees’ performance evaluations, disciplinary reports, and other personnel-related paperwork.
● Maintain and supervise the safe and efficient operation of the department:
  ○ Keeping work areas free from debris, and ensuring the safe work habits of all personnel; the maintenance, care, and reporting of any equipment (e.g., production, tools) problems.
● Monitor and ensure the proper use and tracking of all company-issued items (e.g., tools, production equipment).
● Responsible for notifying the appropriate Manager of any operational area or equipment that may be hazardous or defective.
● Must be prepared to perform all work-related responsibilities of supervised staff as circumstances may require.
● All other duties, as assigned.
